PROJECT BRIEF · CONFIDENTIAL

Hydropower Projects

Sustainable energy for the Democratic Republic of the Congo

Kilubi and Haut-Katanga Dams

Supporting the development of clean, reliable and affordable hydroelectric power through strategic facilitation and partnerships.

CLEAN ENERGY | INFRASTRUCTURE | REGIONAL DEVELOPMENT | INDUSTRIAL GROWTH

> **Confidential. For invited partners only.** Information is indicative and subject to technical review and agreement. Facts and figures are draft and require competent technical review.

Guilgal International's role on this project is commercial facilitation and introductions only.

RENEWABLE ENERGY
Clean and reliable power generation

ECONOMIC GROWTH
Supports industrial development and jobs

STRATEGIC INFRASTRUCTURE
Strengthens regional energy supply

GOVERNMENT SUPPORT
Ministry of Energy and Hydropower engagement

PARTNERSHIP OPPORTUNITIES
Open to international infrastructure partners

PROJECT OVERVIEW

Guilgal International is working with SHE-QMS as a strategic facilitator for the development of hydroelectric dam projects in the Democratic Republic of the Congo, including the Kilubi project in Haut-Lomami Province and three additional dams in Haut-Katanga Province.

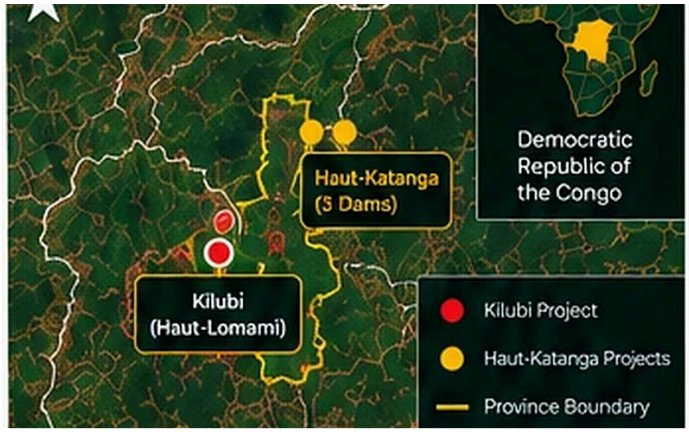

These projects aim to deliver clean, renewable energy to support economic growth, industrial development and improved living standards in the region.

Guilgal International's role is limited to commercial facilitation, introductions and partnership development. We are not providing finance, construction, engineering or operation services.

KEY HIGHLIGHTS

- Four hydropower projects (1 in Haut-Lomami, 3 in Haut-Katanga)
- Government engagement with the Ministry of Energy and Hydropower
- SHE-QMS leading technical and financing discussions
- Guilgal International role: commercial facilitation and introductions
- Opportunity for regional power supply, mining and industrial growth
- Positive environmental and social impact
- Potential for long-term partnerships and investment

PROJECT LOCATION

Illustrative location map

KILUBI HYDROPOWER PROJECT

Haut-Lomami Province

- Located in Haut-Lomami Province
- Significant renewable energy potential
- Government and Ministry engagement
- Supports local communities and regional development
- Positive environmental and social impact

PROJECT STATUS (INDICATIVE)

1. **Government engagement**
   In progress
2. **Feasibility studies**
   Planned
3. **Financing discussions**
   Planned
4. **Approvals and permits**
   Planned
5. **Construction and development**
   Subject to funding

HAUT-KATANGA HYDROPOWER PROJECTS

Three dams | Haut-Katanga Province

- Three hydropower projects in Haut-Katanga
- Early-stage development and feasibility discussions
- Ministry of Energy and Hydropower engagement
- Opportunity to supply power to mining and industrial operations
- Open to international infrastructure partners

PROJECT STATUS (INDICATIVE)

1. **Project identification and validation**
2. **Feasibility studies**
   Planned
3. **Financing discussions**
   Planned
4. **Approvals and permits**
   Planned
5. **Construction and development**
   Subject to funding

Dam and spillway (infrastructure)

Turbine and generator (power generation)

Transmission infrastructure (regional supply)

STRATEGIC BENEFITS

- Clean and renewable energy supply
- Supports mining and industrial development
- Local employment and skills development
- Improved infrastructure and living standards
- Reduced carbon emissions
- Long-term economic growth in the region

INDICATIVE TIMELINE

Q4 2026	Government agreements and mandates
Q1 2027	Detailed studies and feasibility support
Q2 to Q3 2027	Financing discussions and partner development
2028+	Construction (subject to approvals and funding)
2030+	Operational power supply

Timeline is indicative and subject to government approvals, partner commitments, financing and regulatory processes.

PARTNERSHIP OPPORTUNITY

We welcome discussions with infrastructure investors, development partners and energy offtakers interested in the Kilubi and Haut-Katanga projects, working alongside SHE-QMS and government.
